

CRIMINAL CASES WITH FIRST BOND SET CY 2017-2021 STATEWIDE BY COUNTY

July 28, 2022

Statistics Request Overall Description

On May 11, 2022 Research and Statistics received a request for a report on the number of bond assignments by the type of bonds and amount of bail set in financial bonds for criminal cases booked from calendar year (CY) 2017 through 2021 by the most serious charge and by each county.

PRIM, the information system used by Pretrial Services, was queried for criminal cases (Circuit Criminal, Felony, Misdemeanor and Traffic) with first bond dates from 1/1/2017 through 12/31/2021, and for each case, information for the first bond (release decision) set. Excludes cases with no bonds, 60-day rule, no probable cause, and released on recognizance. Charge information for each resulting case was then queried from CourtNet, which provides a summary of cases statewide.

Statistical Report (22_PINS3013)

The report provides information for the first bond (release decision) set during the timeframe requested. The first four (4) pages of the report displaying *Statewide* data followed by a separate four (4) page report for each *County* with a total of four hundred and eighty-four pages (484) pages. The report does not include cases where *Release Not Offered, Administrative Release or No Judicial Presentation*.

Page 1:

(Excludes cases with 60-day Rule, No Probable Cause and Release on Recognizance.)

- The horizontal bar chart at the top of the page (Figure 1) indicates the number of cases and the percentage of each bond type group, grouped by jurisdiction and by case category.
- The table (Table 1) is a cross-tabulation providing the case counts and percentage of cases grouped by jurisdiction and case category.

Page 2 Financial Bond Amounts:

(Excludes cases with Stock and Bonds and Guaranteed Arrest Bond Certification.)

- The table (Table 2) is a cross-tabulation providing the case counts which the initial release decision was *financial bond*.
- The box and whisker chart (Figure 2) includes data on the amount of bail set for *financial bonds*. The chart indicates with a distribution of dots the amount of bail set for each case. Bond amounts used for more than one case are represented with proportionally larger dots corresponding to the number of cases with a given bond amount set. The median bond

CRIMINAL CASES WITH FIRST BOND SET CY 2017-2021

STATEWIDE BY COUNTY

Statistical Report (22_PINS3013)

amount is indicated with a horizontal line, and the interquartile range (25th to 75th percentile, such that half of cases fall within the range and half fall outside it) is indicated with a gray box. Note that bond amounts are indicated on a logarithmic scale.

Page 3 Non-Financial Bond Amounts:

(Excludes cases with 60-day Rule, No Probable Cause and Release on Recognizance.)

- The table (Table 3) is a cross-tabulation providing the case counts which the initial release decision was a *non-financial bond*.
- The box and whisker chart (Figure 3) is the same visual format as provided on page 2, only limited to include the amount of bail set for *non-financial bonds*.

Page 4:

(Excludes cases with 60-day Rule, No Probable Cause and Release on Recognizance.)

- The cross table (Table 4) provides the additional information on the bail amounts set, including the median, average, 75th percentile, maximum bail set for each group of cases, along with the case counts, and percentage of cases in each case category per initial release decision.

Statistical Analysis Considerations:

- These statistics represent a snapshot in time of the state of the data on the date the report was generated (7/28/2022).
- Counts of cases do not necessarily represent counts of unique individuals.
- Bond types and amounts are indicated only for the first initial bond set in a case.
- An individual defendant may be involved in multiple interviews during the reported time frame.
- Bond amounts are evaluated separately for interviews that have custody for both District and Circuit cases.

Data Variables Requested

Database	Data Variable	Description
PRIM	Jurisdiction	The court (District or Circuit Court) in which a case was filed.
	Highest Charge	Indicates the level (felony or misdemeanor) and class (A, B, C, or D) of the highest charge in a case. As specified below, each case indicated will have at least one charge of this level and class of the category indicated.
	Cases	Counts of cases are counts of distinct case entries in PRIM, indicating the relationship of a given court case to a single arrest.
	Release Decision	The type of bond for the first release decision in each case is reported according to the following categories:

**CRIMINAL CASES WITH FIRST BOND SET CY 2017-2021
STATEWIDE BY COUNTY**

Data Variables Requested

		<p>Administrative Release: Defendants assessed as low or moderate risk; not charged with offenses identified as public safety concerns, contempt, probation violation, bail jumping, the violation of a protection order, and who have not previously violated a condition of pretrial release or failed to appear in court may be released on their own recognizance without a bond hearing. The use of this option was discretionary per judge as of 11/1/2015 and became mandatory statewide on 1/1/2017. The specific criteria for Administrative Release have changed several times since initial implementation, including many changes implemented in response to the COVID-19 pandemic.</p> <p>Non-Financial Bond: Types of release that do not include conditional forfeiture.</p> <ul style="list-style-type: none"> • Surety • Unsecured <p>Non-Financial Bonds Excluded:</p> <ul style="list-style-type: none"> • Release on Recognizance • No Probable Cause • 60-Day Rule <p>Financial Bond: Types of release including a bond with conditional forfeiture of assets.</p> <ul style="list-style-type: none"> • 10% • Cash • Guaranteed Arrest Bond Certificate • Property • Partially Secured or Percent Bond • Stock and Bonds <p>Release Not Offered: Indicates that the defendant had a bond hearing and was not offered any pretrial release.</p> <p>No Judicial Presentation: No bond hearing occurred for this case. This typically happens in District Court cases disposed very quickly, or Circuit Court cases for which a previous bond with release conditions already exists.</p>
	Bond Amount	<p>The amount of bail set in a financial bond. For 10% bonds, the amount used in this report is 10% of the amount indicated. Partially secured bonds may be secured with an unspecified proportion of the amount indicated. Since no data is available to calculate this proportion for each case, Pretrial services prescribed that 25% of the amount entered should be used to indicate the amount of bail secured.</p>

RESEARCH AND STATISTICS DISCLAIMER for PRETRIAL SERVICES REQUESTS

The data from this report is provided from the Pretrial Services program. Information received from the Pretrial Services program's electronic case management system (PRIM) is subject to change(s), reprogramming, modification(s) of format and availability at the direction of the Administrative Office of the Courts (AOC), and may not at any particular moment reflect the true status of court cases due to ordinary limitation(s), delay(s) or error(s) in the system's operation.

RESEARCH AND STATISTICS DISCLAIMER

Information received from KYCourts/CourtNet is subject to change(s), reprogramming, modification(s) of format and availability at the direction of the Administrative Office of the Courts (AOC), and may not at any particular moment reflect the true status of court cases due to ordinary limitation(s), delay(s) or error(s) in the system's operation. The KYCourts/CourtNet database is not a real-time system. All datasets are a snapshot of case data at the time a query is run. Case counts are not counts of individuals as some persons may have multiple cases.

The AOC disclaims any warranties as to the validity of the information obtained from KYCourts/CourtNet. The recipient is solely responsible for verifying information received from KYCourts/CourtNet through the cross-referencing of official court records. The AOC shall not be liable to the recipient, or to any third party using the system or information obtained therefrom, for any damages whatsoever arising out of the use of KYCourts/CourtNet.

RESEARCH AND STATISTICS UOR CODE DISCLAIMER

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at www.kentuckystatepolice.org.

The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at courts.ky.gov/aoc/statisticalreports. The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or "ASCF" codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A "0" as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the "0" will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of "*obs" within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case

**CRIMINAL CASES WITH FIRST BOND SET CY 2017-2021
STATEWIDE BY COUNTY**

Disclaimer Associated with KCOJ/AOC Database(s) and Element(s)

counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.
