### Statistics Request Overall Description

On January 16, 2023, a request was made to Research and Statistics to gather sentencing information for charges convicted during Calendar Years (CY) 2020 – 2023 statewide.

CourtNet, which provides a summary of cases statewide, was queried for the charges disposed from 1/1/2020 through 12/31/2023 Statewide.

Sentence information is provided for each of the convicted charges. The sentence information only represents individual charge sentence information and does not provide the overall punishment for the case/individual.

### Sentencing Information

Sentence entries for each charge may consist of the Sentence Imposed, along with any amount probated, suspended, and/or conditionally discharged, and/or sentenced to home incarceration.

Convictions of sentences with incarceration may be fully or partially suspended. When the total amount of sentence modifications is equal to the sentenced imposed, the sentence may be considered fully suspended.

The amount of incarceration time sentenced is indicated as JORP (Jail or Prison). There are additional check boxes available to specifically indicate Jail and Prison, but these are not required, may not be used consistently, and no logical constraints restrict the use of these check boxes to given amounts of incarceration time sentenced. Some prison incarceration sentences of greater than a year may be served in county jails.

Factors which affect the overall remaining sentence:

- When multiple sentences of imprisonment are imposed on a defendant for more than one (1) crime, the multiple sentence time intervals can be ordered to run concurrently or consecutively as determined by the court at the time of sentence. The concurrent/consecutive indicator does not distinguish the charge(s) or case(s) the sentence was ordered to be concurrent / consecutive with.

# SENTENCE INFORMATION FOR SPECIFIED CHARGES CONVICTED

## 1/1/2020 – 12/31/2023 STATEWIDE

### Statistics Request Overall Description

- a. Concurrent Sentence: A sentence for a conviction that a court orders a defendant to serve simultaneously with the defendant’s sentence for a different conviction. A sentence may be fully or partially concurrent.
  - b. Consecutive Sentence: A sentence for a conviction that a court orders a defendant to serve only after he has discharged a sentence for a different conviction. A sentence may be fully or partially consecutive.
- There are additional checkboxes to capture conditional discharge time. These checkboxes are not taken into consideration within this report. These charges may be reported in the “other penalty” category.
  - Probation violations involve conduct that violates any judicial order imposing supervision of a defendant. Violations of probation and supervised release may result in “Probation Revocation” which is the annulment, cancellation, or reversal of an act, with regard to probation or supervised release, the term generally refers to the judicial act of canceling the supervision in response to the offender violation the terms of supervision and impose a term of incarceration.
  - Shock probation is a form of conditional early release from prison (before the full term of imprisonment expires). Upon violation of a parole condition, a parolee may be placed back in prison to complete the remainder of the sentence. (KRS 439.265)
  - Set Aside/Vacated Sentence When a sentence for one or more charges is set aside or vacated, the sentence information is removed and can no longer be reported.
  - Expungement of Conviction When one or more charges within a case is granted expungement, it can no longer be reported as the sentence information for these charges is removed as part of the expungement process.

**Statistical Analysis Considerations:**

- These statistics represent a snapshot in time as of the date the data was queried.
- The sentence information in this report represents only the sentence ordered for that *charge* and does not provide the overall punishment for the case or for the individual.
- Sentence time entered represents the sentence ordered by the court. Subsequent modifications by the Department of Corrections to the length of incarceration is not reflected in this report.
- A case may consist of one or multiple charges. The report's count of cases represents a distinct count of case numbers, regardless of the number of charges within the case.
- Counts of cases do not necessarily represent counts of unique individuals.
- Charges consist of all original and amended charges within a case.
- Many, but not all, charges heard in Circuit Court were previously heard in District Court and indicted by the grand jury. As such, the sum of charges in District and Circuit Court will count some indicted charges twice and totals from the two jurisdictions are presented separately.
- Most indicted charges are recorded in CourtNet as final charge dispositions in District Court and then a new case will be started in Circuit Court. Not all indictments are followed by convictions in Circuit Court, and some charges are indicted directly to Circuit Court without being preceded by a District Felony case.

**RESEARCH AND STATISTICS DISCLAIMER**

Information received from KYCourts/CourtNet is subject to change(s), reprogramming, modification(s) of format and availability at the direction of the Administrative Office of the Courts (AOC), and may not at any particular moment reflect the true status of court cases due to ordinary limitation(s), delay(s) or error(s) in the system’s operation. The KYCourts/CourtNet database is not a real-time system. All datasets are a snapshot of case data at the time a query is run. Case counts are not counts of individuals as some persons may have multiple cases.

The AOC disclaims any warranties as to the validity of the information obtained from KYCourts/CourtNet. The recipient is solely responsible for verifying information received from KYCourts/CourtNet through the cross-referencing of official court records. The AOC shall not be liable to the recipient, or to any third party using the system or information obtained therefrom, for any damages whatsoever arising out of the use of KYCourts/CourtNet.

**RESEARCH AND STATISTICS UOR CODE DISCLAIMER**

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at [www.kentuckystatepolice.org](http://www.kentuckystatepolice.org).

The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at <https://kycourts.gov/AOC/Information-and-Technology/Analytics/Pages/default.aspx> . The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or “ASCF” codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A “0” as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the “0” will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes.

**Disclaimer Associated with KCOJ/AOC Database(s) and Element(s)**

When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of “\*obs” within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.
