Section Number: **100.3**

Subject: **JUDICIAL SALE ADMINISTRATIVE FEE**

Authority: **AP PART IV, SECTIONS 2(11) AND 4**

1. A non-refundable judicial sale administrative fee of \$200 must be added to all cases referred to the master commissioner for judicial sale, hereafter referred to as the judicial sale administrative fee (JSAF).
2. The JSAF must be collected by the circuit court clerk upon receipt of the order referring a case for judicial sale. The order referring a case for judicial sale must include language indicating that the case will be transferred to the master commissioner **only after the JSAF has been received by the circuit court clerk.**
3. The circuit court clerk must remit all judicial sale administrative fees to the AOC as directed by the Department of Financial Services.

Section Number: **100.4**

Subject: **GENERAL PROVISIONS OF JUDICIAL SALE**

Authority: **AP PART IV, SECTION 5**

1. The master commissioner shall sell the property in a reasonable time not to exceed 90 days after the date of the order of referral except that property found to be “vacant and abandoned” shall be sold in accordance with KRS 426.205. Upon motion and good cause shown, the court may extend this deadline for a period not to exceed 30 days.
2. Except for city tax sales pursuant to KRS Chapter 91 and partition sales, before any real property is sold under a judgment and order of sale, the appraisal value must be determined by two disinterested persons both of whom are actively engaged in or have had at least one year of experience in the field of real estate. In accordance with KRS 426.520(2) the appraisal must be in writing, must be signed by the persons making it, and must be filed in the court record prior to the sale.
3. All sales shall be advertised in accordance with KRS 424.130 as follows: The advertisement shall be published at least once not less than seven days nor more than 21 days before the date of the sale but may be published two or more times provided that one publication occurs not less than seven days nor more than 21 days before the date of the sale.
4. At the time of sale, the successful bidder shall either pay full cash or make a deposit of 10% of the purchase price with the balance on credit for 30 days. If the purchase price is not paid in full, the successful bidder shall execute a bond at the time of sale with sufficient surety approved by the master commissioner prior to the sale to secure the unpaid balance of the purchase price. Pursuant to KRS 426.705, the bond shall bear interest at the rate the judgment bears, from the date of sale until paid, and shall have the force and effect of a judgment. In the event the successful bidder is the plaintiff, then in lieu of the deposit the plaintiff shall be allowed to bid on credit up to the judgment amount.
5. No right of redemption applies in partition sales. For all other sales, excluding city tax sales pursuant to KRS Chapter 91, if the real property did not sell for at least two-thirds ( $\frac{2}{3}$ ) of its appraised value, the defendant and his or her representatives have a right of redemption for six months from the day of sale. In that case, the purchaser receives an immediate writ of possession and a deed containing a lien in favor of the defendant, reflecting the defendant’s right to redeem during the statutory period per KRS 426.530.
6. When a city files for enforcement of a city tax lien under KRS 91.511, and the real property sells for less than 100% of its most recent assessed value as determined by the PVA, the

defendant may redeem it within 60 days from the day of the sale by paying the purchaser the original purchase money and interest at eighteen percent (18%) per annum. The master commissioner must hold the deed until the right of redemption has expired.

7. The report of sale must be filed by the master commissioner no later than three business days after the date of sale.
8. The master commissioner must execute and deliver the deed to the purchaser of the property no later than five business days after the court has confirmed the sale and approved the deed and all costs, fees, and other required amounts due and owing, if any, have been paid by the foreclosing mortgagee or lienholder or the purchase price has been paid in full by the third-party purchaser.

### **Accounting Procedure**

  - d. Date of required advertisement
  - e. Scheduled sale date
  - f. Date Report of Sale filed
  - g. Date full winning bid or sale costs/fees received by the commissioner
  - h. Date deed delivered to purchaser.
10. The master commissioner should calculate and assess applicable interest in accordance with KRS 426.705 (per the judgment) on any unpaid balance of purchase price and collect the same from the purchaser. All sale bond interest is to be included in the total funds to be distributed by the master commissioner.

### **Accounting Procedure**

12. Each master commissioner must maintain a ledger control balance by case for all escrow funds received for executing the duties of master commissioner. Failure to maintain a detailed escrow ledger card balance per case (inflows and outflows) results in a lack of "book balance."
13. Ledger control cards must be balanced with the escrow account bank reconciliation to identify all funds held and case number associated with said funds. This will enable the master commissioner as well as the AOC to track all funds handled and disbursed by the office of master commissioner by case.
14. Each ledger card should accurately and completely reflect the amounts reported in the order of distribution and/or individual case report filed by the master commissioner.
15. Implementation of a ledger system must be as follows:
  - a. By manual ledger cards, or
  - b. By an electronic accounting system where each case is identified separately.
16. The master commissioner should retain a copy of each check received as payment of judicial sale proceeds, stamped with the date of receipt. Sale proceeds should be deposited to the escrow account daily as received.

17. All master commissioner fees disbursed from the escrow account must be deposited in a separate interest-bearing operating account. The master commissioner must deposit all master commissioner fees generated in the execution of duties as master commissioner into this operating account not less than weekly, although daily deposits are recommended. To obtain approval to deposit non-sale fees directly into the operating account, the master commissioner must submit a *Master Commissioner MCAPPM Waiver Request* form to [MasterCommissionerFilings@kycourts.net](mailto:MasterCommissionerFilings@kycourts.net).
18. The Department of Financial Services at the AOC provides the *Annual Report of Master Commissioner* template to each master commissioner. This template must be completed by the master commissioner filed on or before March 1<sup>st</sup> of each year. Any questions regarding the completion of the *Annual Report of Master Commissioner* template should be directed to the Department of Financial Services at the AOC.
19. Excess fees of the office of master commissioner, pursuant to Section 9(3) of AP Part IV, must be remitted by check along with the master commissioner's completed *Annual Report of Master Commissioner*. In addition, the master commissioner should remit all interest earned during the year on a separate check drawn on each account. Checks are to be made payable to the "Kentucky State Treasurer."
20. The master commissioner must maintain two separate interest-bearing checking accounts, for master commissioner funds only. The checking accounts must be reconciled monthly. The reconciliation must be performed within 30 days of the date of the bank statement. The checking accounts are as follows:
  - a. an escrow account for all funds received, to be distributed per court order; and
  - b. an operating account where all fees generated by the office of master commissioner are deposited.
21. Any disbursement of master commissioner funds which is not in compliance with a court order, does not relate to authorized expenses, or does not represent activities related to the master commissioner's duties and functions must be reported immediately to the Division of Audit Services and the Department of Financial Services at the AOC.
22. Any deposit of personal or non-master commissioner funds to either of the master commissioner's checking accounts must be reported immediately to the Division of Audit Services and the Department of Financial Services at the AOC.

  - a. Deposits must be clearly identified by county or type (MC or DRC) and must be tracked through separate income/revenue accounts in the accounting software or manual ledgers.
  - b. Only master commissioner fees earned in the applicable county may be used to pay compensation and office expenses in that county. Only DRC fees can be used to pay authorized DRC compensation.
  - c. Excess fees of the office of master commissioner must be calculated for each county and type (MC/DRC) separately and properly reported on the applicable Annual Report.
3. Proceeds relating to the office of master commissioner must **not** be comingled with any other accounts or funds held by the master commissioner in his or her personal or professional capacity.
4. Interest earned on the account must be remitted to the AOC with the master commissioner's completed *Annual Report of Master Commissioner*.

Copies of the December bank statements showing the year to date (YTD) interest earned on each account must be attached to the *Annual Report of Master Commissioner*. A separate check from each account is to be made payable to the "Kentucky State Treasurer."

7. An AOC-approved collateral security agreement that perfects the master commissioner's security interest in the collateral is required from each depository bank used by the master commissioner. The collateral security agreement must require the bank to pledge securities for all amounts over the FDIC insured amount deposited in the bank and to provide regular statements of pledged securities from the Trustee to the master commissioner. A pre-approved collateral security agreement is attached to this manual as Appendix A. If any collateral security agreement other than the pre-approved copy supplied by the AOC is proposed, the master commissioner must submit a copy to the Department of Financial Services, for approval **prior** to the execution of the agreement. If the proposed collateral security agreement is not approved by the AOC, the master commissioner must negotiate an AOC-approved agreement with the bank.
8. The master commissioner must receive and review statements of collateral balances at least quarterly to ensure the collateral is sufficient to cover all deposits in the depository bank not insured by the FDIC.
9. The master commissioner is the only person authorized to sign checks unless prior approval is received from the Executive Officer, Department of Financial Services. A *Master Commissioner MCAPPM Approval Request* form must be submitted to [MasterCommissionerFilings@kycourts.net](mailto:MasterCommissionerFilings@kycourts.net).
10. All documentation to support the payee and check amount must be provided with the check at the time the check is signed. The supporting documentation must be stamped or annotated as paid when the check is signed. The stamped or annotated supporting documentation must include the date, check number, and amount paid.
11. Escrow and operating accounts must be reconciled on a monthly basis. The reconciliation must be performed within 30 days of the date of the bank statement. If the account agreement with the bank calls for a period of less than 30 days, then the reconciliation must be performed in accordance with the agreement with the bank. The reconciliation must be performed by either the master commissioner or an individual **without** check signing authority. The monthly bank statements must be mailed to and opened by the individual performing the reconciliation. The master commissioner must review and approve each month's reconciliations and denote such approval by signing and dating each month's reconciliation. These procedures also apply to the operating checking account.
12. Stale dated checks and checks outstanding for over six months must be voided and added back to applicable case balances, and the master commissioner must attempt to reissue payment as ordered by the court. If the master commissioner is unable to reissue payment, the funds must be held until they are eligible to be escheated as unclaimed property.

13. The master commissioner must disburse all judicial sale proceeds per court order. If the master commissioner is unable to locate a payee, if stale dated checks are voided and cannot be reissued, or if proceeds ordered to be disbursed are otherwise unclaimed, those funds must be considered unclaimed and escheated pursuant to KRS Chapter 393A or other applicable statute. Funds are not eligible for escheatment if the judicial sale has not been confirmed or objections or appeals remain unresolved.
- a. Direct expenses related to escheating funds are not recoverable pursuant to Section 100.6 of this Manual.
  - b. The master commissioner shall not charge fees for preparing reports or drafting documents related to the escheatment of funds.
14. Blank checks may **not** be signed in advance. Unused check stock shall be maintained in a locked container when not in use. Only those with check signing authority shall have access to the check stock. Facsimile signatures are **not** allowed.

THIS COLLATERAL SECURITY AGREEMENT, hereinafter called "Agreement", is made and entered into on this \_\_\_\_\_ day of \_\_\_\_\_, 2\_\_\_\_, by and between \_\_\_\_\_, hereinafter called "Depositor", and \_\_\_\_\_, a financial institution organized under the laws of the United States or Commonwealth of Kentucky and authorized by law to conduct banking business in the Commonwealth of Kentucky, hereinafter called "Bank."

### I. RECITALS

- A. The Depositor is a validly existing governmental officer or entity in Kentucky, and has designated the Bank as a depository for its funds. All funds on deposit with the Bank to the credit of the Depositor are required to be insured by the Federal Deposit Insurance Corporation or be secured by collateral of the like and kind described in KRS 41.240 (hereinafter called "Public Funds Law").
- B. To perfect the security interest of the Depositor in the collateral to be pledged by the Bank hereunder, \_\_\_\_\_ (hereinafter called "Trustee"), an independent third party, will hold the collateral in a custody account for the benefit of the Depositor. The Bank shall not utilize the Trustee if such Trustee and Bank are owned by a single bank holding company.
- C. The parties hereto desire to provide for the collateralization of the Depositor's funds as required by the Public Funds Law and on the terms and conditions set forth herein. This Collateral Security Agreement was approved by, and duly recorded in the minutes of, the Board of Directors or Loan Committee of the Bank on \_\_\_\_\_, 2\_\_\_\_.
- D. The Bank shall maintain this Agreement among its official records continuously until such time this Agreement is terminated and all deposits of the Depositor have been properly paid out.

### II. AGREEMENT

IN CONSIDERATION of the foregoing and mutual covenants and promises set forth below, the parties hereto agree as follows:

- A. During the term of this Agreement, the Depositor will designate the officer or officers who singly or jointly shall be authorized to represent and act on behalf of the Depositor in any and all matters of every kind arising under this Agreement. The Bank's deposit agreement is incorporated herein for all purposes; however, to the extent that any provision in such deposit agreement conflicts with the provisions hereof, the provisions of this Agreement will control.
- B. The Bank hereby pledges to the Depositor and grants to the Depositor a security interest in certain assets owned by the Bank and held by the Trustee for the benefit of the Depositor (hereinafter called "Collateral") to secure the deposits held by the Bank for the Depositor as follows:
  - 1. The total market value of the Collateral securing such deposits will be in an amount having an aggregate current face value or current quoted market value at least equal to

the amount of such deposits as of the last business day of each quarter in which funds are so deposited, reduced to the extent that such deposits are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

2. At no time shall Depositor's funds collectively exceed the Bank's sum of capital, reserves, undivided profits, and surplus, or 10% of the total deposits of the Bank, whichever is less.

C. The Bank has heretofore or will immediately hereafter deliver to the Trustee Collateral of the kind and character permitted by the Public Funds Law. The Collateral shall be of sufficient amount or market value to provide adequate collateral for funds of the Depositor deposited with the Bank, as provided by Article II.B.1 herein. The Collateral, or substitute Collateral as hereinafter provided for, shall be kept and retained by the Trustee in trust so long as the depository relationship between the Depositor and the Bank shall exist hereunder, and thereafter until all deposits made by the Depositor with the Bank shall have been properly paid out by the Bank to the Depositor or on its order.

D. The Bank shall cause the Trustee to accept the Collateral and hold the same in trust for the purpose herein stated.

E. The Bank shall cause the Trustee to promptly forward to the Depositor copies of safekeeping or trust receipts covering all Collateral, or substitute Collateral as provided for herein, held by the Trustee for the benefit of the Depositor within three (3) business days of the Collateral pledge. The Bank shall also cause the Trustee to remit statements of accounts of the Collateral to the Depositor at least on a quarterly basis.

F. Should the Bank fail at any time to pay and satisfy upon presentment, any check, electronic funds transfer, draft, or voucher lawfully drawn upon public funds deposited with the Bank whenever due, or in case the Bank becomes insolvent, or fails to maintain adequate Collateral as required by this Agreement, or in any manner breaches its contract with the Depositor, the Depositor may give written notice of such failure, insolvency or breach and the Bank shall cure such failure, insolvency, or breach within three (3) business days from receipt of such notice. In the event the Bank shall fail to cure such failure, insolvency, or breach within three (3) business days of its receipt of such written notice from the Depositor, it shall be the duty of the Trustee, upon demand of the Depositor with the proper supporting evidence thereof, to surrender the Collateral to the Depositor.

1. The Depositor may sell all or any part of the Collateral and out of the proceeds thereof pay the Depositor all damages, losses, and expenses of any and every kind incurred by it on account of such failure, insolvency, or breach, or sale. The Depositor shall account to the Bank for the remainder, if any, of such proceeds or Collateral remaining unsold.
2. Any sale of the Collateral or any part thereof made by the Depositor may be either at public or private sale; provided, however, that notice of time and place where such sale shall be given three (3) days prior to the sale to the Depositor and the Bank. Such sale

shall be to the highest bidder thereof for cash. The Depositor and Bank shall have the right to bid at such sale.

G. If the Bank shall desire to sell or otherwise dispose of any one or more of the securities constituting part of the Collateral deposited with the Trustee, it may substitute for any one or more of such securities other securities of the same market value and of the character authorized herein after written notice of such substitution is provided to the Depositor. The Depositor shall have the right to reject substitute Collateral by the Bank. Such right of substitution shall remain in full force and may be exercised by the Bank as often as it is desired; provided that the aggregate market value of all Collateral pledged hereunder shall be at least equal to the amount of Collateral required hereunder.

H. If at any time the aggregate market value of the Collateral so deposited with the Trustee is less than the amount required hereunder, the Bank shall within one (1) business day deposit with the Trustee such additional amount as may be necessary to cause the market value of such Collateral to equal the total amount of required Collateral hereunder.

I. The Bank shall be entitled to income on securities held by the Trustee, and the Trustee may dispose of such income as directed by the Bank without the approval of the Depositor, provided a breach of contract does not exist.

J. If at any time the Collateral in the hands of the Trustee shall have a market value in excess of the amount required hereunder, the Depositor shall authorize the Trustee to withdraw a specified amount of Collateral equal to the amount in excess of that required. The Trustee may deliver this amount of collateral, and no more, to the Bank taking its receipt therefore, and the Trustee shall have no further liability for Collateral so redelivered to the Bank.

K. Each party shall have the right to terminate this Agreement by advance written notice to the other of its election to do so, and this Agreement shall be void from and after the expiration of sixty (60) days after the receipt of such notice provided all provisions of this Agreement have been fulfilled.

L. When the relationship of the Depositor and the Bank has ceased to exist and the Bank shall have properly paid out all deposits of the Depositor, the Depositor shall give to the Trustee written notice to that effect; whereupon the Trustee shall redeliver to the Bank all Collateral then in its possession belonging to the Bank taking receipt therefore.

M. This Agreement shall be governed and construed in accordance with the laws of the Commonwealth of Kentucky and venue for any disputes related to this Agreement shall be in Kentucky.

N. Any modifications to this Agreement, or change in Trustee, shall be agreed to in writing signed by the Depositor and the Bank.

O. This Agreement is continuing and binding upon the bank and its successor and assigns and shall inure to the benefit of the Depositor.
