### Statistics Request Overall Description

On July 19, 2025, Research and Statistics received a request for a count of how often GPS monitoring has been ordered per KRS 403.761(1) since calendar year (CY) 2010.

CourtNet, which provides a summary of cases statewide, was queried for cases with the document type 'ONGPS' (Global Position Monitoring Systems Order) having the case disposition date between January 1, 2010 and July 22, 2025. Please note that this data will not reflect any GPS monitoring ordered without the use of AOC form 275.15 and the CourtNet document code ONGPS.

### Statistical Results

It was found, after running the query for the 'ONGPS' document type, there were seven cases statewide having this document code during the requested dates with a total of 11 separate documents among these cases. This result may reflect the court's decision, based on KRS 403.761(1), requiring GPS monitoring be ordered when the respondent has violated a previous domestic order. The court may order GPS monitoring under other circumstances as well.

#### Statistical Analysis Considerations:

- This report includes only GPS orders entered using AOC form 275.15 and document code ONGPS and does not report any GPS tracking ordered through other procedures.
- The statistical information is a snapshot in time, as of July 22, 2025.
- Document filings may not occur in each county or calendar year.
- The document count is not the same as count of defendants, respondents, or cases.
