Statistics Request Overall Description

On May 20, 2026, Research and Statistics received a request for an aggregate report of speeding charges within cases filed during calendar year (CY) 2025. It was also requested that a count of convictions among these charges be provided.

CourtNet, which provides a summary of cases statewide, was queried for charges with an AOC Offense Category of Speeding within cases filed statewide from 1/1/2021 through 12/31/2025. Due to changes to dispositions from previous years, calendar years 2021-2025 were included to provide an update to data previously provided. Counts of distinct cases containing these charges are provided in the report.

Statistical Tables (24_RS6028C)

Statistical Table 24_RS6028C: Provides aggregations that display counts of speeding charges within cases filed from 1/1/2021 through 12/31/2025 along with counts of distinct cases containing the charges.

Page 1: Provides a cross-tabulation that displays counts of speeding charges within cases filed in **Circuit Court** grouped by case filing year, Charge Group, and Disposition Group. Additionally, a count of distinct cases containing those charges is provided.

Page 2: Provides a cross-tabulation that displays counts of speeding charges within cases filed in **District Court** grouped by case filing year, Charge Group, and Disposition Group. Additionally, a count of distinct cases containing those charges is provided.

Pages 3-31: Provide the same information found on page 1 further broken down by county.

Pages 32-67: Provide the same information found on page 2 further broken down by county.

Pages 68-74: Provides a list of charges queried for the report grouped by UOR Code, KRS, and Offense Description

Statistical Tables (24_RS6028C)

Statistical Analysis Considerations:

- Statistics represent a snapshot in time, as of the date the data was queried: 7/13/2026.
- A case may consist of one or multiple charges. The report's count of cases represents a distinct count of case numbers, regardless of the number of charges associated with the case.
- Counts of cases do not necessarily represent counts of unique individuals as a defendant may appear in multiple cases.
- A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

SPEEDING CHARGES WITHIN CASES FILED CY 2021-2025 STATEWIDE

	UOR Code	A numeric label for a specific statute-based charge used in a Uniform Offense Report. The first six digits of a UOR Code are unique to each statutory offense. The seventh digit ranges from 0 through 6. A final "0" indicates that only the underlying statutory offense is charged. "1" indicates that an attempt has been charged. "2" shows that a solicitation has been charged. "3" shows a conspiracy charge. "4" shows a facilitation charge. "5" shows a complicity charge. "6" shows that the underlying charge has been enhanced.
	KRS	Provides the Kentucky Revised Statute associated with a given UOR Code
	Offense Description	A brief verbal summary of the statutory offense which is the basis for the type of criminal offense with which the defendant has been charged. For Example, UOR Code "0008050" represents the underlying statutory offense of KRS 508.080(1)(B) or, in brief English, "BOMB THREATS". In a related example, UOR Code "0008051" represents the related ASCF code or Inchoate offense of "ATTEMPTED BOMB THREATS".
	AOC Offense Category	A classification of criminal offenses created by Research & Statistics to identify related offenses for statistical purposes. See attached Group Code descriptions documentation. This report is limited to charges with an AOC Offense Category of Speeding.
	Charges	A count of total charges of the specified offense.
	Cases	A count of the distinct cases including any of the specified charges.

RESEARCH AND STATISTICS DISCLAIMER

Information received from KYCourts/CourtNet is subject to change(s), reprogramming, modification(s) of format and availability at the direction of the Administrative Office of the Courts (AOC), and may not at any particular moment reflect the true status of court cases due to ordinary limitation(s), delay(s) or error(s) in the system's operation. Information is gathered from the data source(s) on a just-in-time basis. The data is static, representing a particular moment in time. Case counts are not counts of individuals, as some persons may have multiple cases.

The AOC disclaims any warranties as to the validity of the information obtained from KYCourts/CourtNet. The recipient is solely responsible for verifying information received from KYCourts/CourtNet through the cross-referencing of official court records. The AOC shall not be liable to the recipient, or to any third party using the system or information obtained therefrom, for any damages whatsoever arising out of the use of KYCourts/CourtNet.

RESEARCH AND STATISTICS UOR CODE DISCLAIMER

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at www.kentuckystatepolice.org.

SPEEDING CHARGES WITHIN CASES FILED CY 2021-2025 STATEWIDE

The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at kycourts.gov/AOC/Information-and-Technology/Analytics. The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or “ASCF” codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A “0” as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the “0” will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of “*obs” within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.

Statistical Analysis Considerations

* Data provided from the CourtNet Database.

* Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.

* A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

* Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.

Statistical Analysis Considerations

* Data provided from the CourtNet Database.

* Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.

* A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

*Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.

Statistical Analysis Considerations

* Data provided from the CourtNet Database.

* Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.

* A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

*Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.

Statistical Analysis Considerations

* Data provided from the CourtNet Database.

* Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.

* A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

*Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.

Statistical Analysis Considerations

* Data provided from the CourtNet Database.

* Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.

* A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

*Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.

Statistical Analysis Considerations

* Data provided from the CourtNet Database.

* Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.

* A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

*Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.

Statistical Analysis Considerations

* Data provided from the CourtNet Database.

* Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.

* A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

*Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.

Statistical Analysis Considerations

* Data provided from the CourtNet Database.

* Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.

* A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.

*Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.

Statistical Analysis Considerations

- * Data provided from the CourtNet Database.
- * Counts of cases do not represent counts of individual defendants, as the same defendant may appear in multiple cases.
- * A case may consist of charges that fall into different groups within a table. In this situation, a case is added to the case count for each group that applies to at least one charge within a case. Each subtotal displays the quantity of distinct cases and charges for that group, causing subtotals of case counts to add up to a number greater than the actual overall total.
- * Charges with temporary disposition types (Diverted, FTA/FTV/AP, Pending) are pending as of 7/13/2026.
