5. 21_RSX7000: Supplemental list of the offenses

Provides a list of *Possession of Theft by Unlawful Taking (TBUT)* offenses queried for this report.

Statistical Analysis Considerations:

- These statistics represent a snapshot in time as of the date the data was queried (6/18/2025).
- An incomplete year is indicated by a dagger (†), and it includes data up to 6/11/2025
- Defendant state residency is captured differently in CourtNet and PRIM.
 - In **CourtNet**, the data is entered by staff at various stages based on the original citation and is not directly reported by the Defendant.
 - In **PRIM**, this data is typically self-reported by the defendant during the Pretrial Interview process.
- A case may consist of one or multiple charges. The report’s count of cases represents a distinct count of case numbers, regardless of the number of charges within the case.
- Counts of cases do not necessarily represent counts of unique individuals.
- Charges consist of all original and amended charges within a case.
- Many, but not all, charges heard in Circuit Court were previously heard in District Court and indicted by the grand jury. As such, the sum of charges in District and Circuit Court will count some indicted charges twice and totals from the two jurisdictions are presented separately.

Disclaimer Associated with KCOJ/AOC Database(s) and Element(s)

The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at <https://kycourts.gov/AOC/Information-and-Technology/Analytics/Pages/default.aspx> The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or "ASCF" codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A "0" as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the "0" will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of "*obs" within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.
