- The defendant is charged with a violation of KRS 189A.090 (Driving on a DUI Suspended License)
- Charges of bail jumping, violation of a protective order, and DUI 2nd Offense or Greater are not eligible for administrative release

If the charging document discloses any aggravating circumstances, then the Schedule shall not be applicable.
- In the event there are no injuries/accident or aggravating circumstances disclosed, the defendant shall be released as follows:
 - To an adult who is willing to accept responsibility for the defendant through a signature verification on a form prescribed by the Administrative Office of the Courts; or
 - At such time as the defendant is able to safely care for himself or herself but in no event shall the defendant be detained for more than eight (8) hours following his or her arrest; or
 - Unless such person’s release is precluded by other provisions of law.
- Bail for a non-resident defendant charged with a first offense of KRS 189A.010 shall be set per KRS 431.523.

KRS 431.523(1): Bail for persons who are not residents of Kentucky who are charged with a violation of KRS 189A.010 shall be five hundred dollars (\$500) unless the defendant was involved in a motor vehicle accident in which property damage or physical injury to a person

- All determinations as to the number and timing of a defendant's prior violations of KRS 222.202 shall be made at the jail.

12.2.4 Public Intoxication

Unless otherwise ordered by the court, a defendant charged with a violation of KRS 502500 (Public Intoxication) with a low risk or moderate risk score shall be released as follows:

- To an adult who is willing to accept responsibility for the defendant through a signature verification on a form prescribed by the Administrative Office of the Courts; or

Relative is defined as no further removed from the defendant than a first cousin, or the defendant's father-in-law, mother-in-law, son-in-law, or daughter-in-law. KRS 431.535(3)(e)).
4. If you are satisfied with the value of the real property, continue with [bail bond processing](#).

Continue with bail bond processing.

Send a certified copy of the bail bond to the county clerk where the land is located.

Order the green sticker from AOC using item number AVE-05052, and indicating the color fluorescent green.

12.2.9 Unsecured bond

An unsecured bond is a promise by the defendant or surety to pay the designated amount upon a failure to appear when ordered by the court to do so or upon a breach of a material condition of release, not secured by any deposit of or lien upon property. RCr 4.00(h).

3. Mail a copy of the statement of assignment to the bank or other financial institution.
4. You may require the defendant or surety to obtain a statement from the bank or other financial institution disclosing the amount of penalty for early withdrawal. 12.13 *Bonds and Sureties in Civil Cases*

[Process Map](#)

KRS 30A.060, 454.180 to 454.190, CR 4.11, CR 65.05, CR 81A

- There are various types of civil bonds that may be filed with the clerk. The amount of the bond is set by the court and is usually equivalent to the judgment or amount of property being secured. When in doubt as to the proper amount of a bond, consult the presiding judge.
- A bond pursuant to CR 4.11 may be posted to secure the property of a party who has been constructively served. This bond guarantees the compliance of the filing party in the event the constructively served party files for relief from a judgment within one year after its entry. The amount of the bond shall be fixed at not less than the fair market value of the property awarded in the judgment.
- A bond pursuant to CR 65.05 may be required for temporary injunctions or restraining orders. For more information, see [Temporary Injunctions and Restraining Orders](#).
- You are responsible for the sufficiency of any surety accepted by you or your deputy. KRS 30A.060.
 1. When a civil bond is filed, require the surety to make an affidavit to show qualification. KRS 454.180, KRS 454.185. Taking the affidavit relieves you of liability for taking insufficient surety if the surety falsifies their financial situation. [Commonwealth v. Lewis](#), 181 Ky. 804, 205 S.W. 921 (1918).
 2. Verify affidavit requirements. The surety must:
 - Be a resident of Kentucky.
 - Be worth double the sum to be secured, beyond debts.
 - Have property in Kentucky, not exempt from execution, equal to the amount of bond.

Refuse any surety if you are in doubt as to the sufficiency to cover the amount of the bond. If your judge orders you to take a bond you must do so; the order protects you from liability for taking an insufficient bond.

3. Collect the bond filing fee as set forth in the [Accounting Manual](#), and give a receipt. KRS 64.005.
4. File the bond and affidavit by completing a document screen. Use document type **BSUR**. You may file the affidavit as an attachment in the memo.

NOTE: The following governmental agencies are exempt from giving bond in order to bring an action, take any steps in a proceeding, indemnify a party, or stay the enforcement of a judgment. CR 81A, KRS 454.190.

- The United States.
- The Commonwealth of Kentucky, its cities, counties, or other political subdivisions, their agencies or officers acting for them.

KRS 426.450 - 426.470

1. The judgment debtor may postpone collection of most money judgments for three months by posting a replevin bond with surety. KRS 426.450.
2. Judgments which cannot be replevied are:
 - A judgment to enforce a lien;
 - A judgment against a collecting officer, attorney or agency in a suit for neglect of failure to fulfill his/her duties;
 - A judgment of a surety against his/her principal;
 - A judgment upon a debt due by obligation having the force of a judgment;
 - A judgment for specific property or its value;
 - A judgment on a sale, replevin, or forthcoming bond. KRS 426.470.
3. Require the surety to make an affidavit to show qualification. KRS 454.180, 454.185. Taking the affidavit relieves you of liability for taking insufficient surety if the financial information is falsified. *Commonwealth vs. Lewis*, 181 Ky. 804, 205 S.W. 921 (1918).
4. Verify affidavit requirements.

 - Be a resident of Kentucky.

12.15.1 Civil Cases

- A supersedeas bond is security posted by the appealing party (who has lost a lawsuit in a lower court) to compensate the opposing party for the legal expenses in case it wins also in the higher (appellate) court. Supersedeas bonds are only available in civil cases. For more information, see [Appeals](#).

- [AOC Form 155](#), Supersedeas Bond

1. A civil appellant may give a supersedeas bond to stay enforcement of judgment pending appeal. RAP 63(B). The trial court retains jurisdiction to determine all matters related to the right to file a supersedeas bond, (the amount, sufficiency, and surety) even after a notice of appeal or other appellate steps have been taken. RAP 63(C)(2).
2. KRS 411.187 establishes a \$100 million cap on any supersedeas bond for punitive or exemplary damages on a civil judgment that is appealed. By court order, the cap may be lifted and the bond requirement reinstated to the full amount of the judgment. This provision applies to all civil actions including pending appeals.
3. You or the trial court judge may approve the bond for good and sufficient surety.

The bond must (unless the court orders otherwise):

- Show the surety's address; (the surety must be someone other than the appellant) *Webb v. Webb*, Ky., 500 S.W.2d 59 (1973); (there is no restriction against a corporation of which the appellant is president signing appellant's bond as surety); RAP 63(B)(1);
 - Undertake to pay the amount of the judgment stayed, plus interest, costs and any modification by the appellate court; RAP 63(B)(1)-(2);
 - If the judgment concerns particular property, or, if the property is held by the sheriff, the amount of the bond need cover only damages for use of property plus interest and costs. RAP 63(B)(3).
4. Collect the bond filing fee as set forth in the [Accounting Manual](#) and give a receipt. KRS 64.005.
 5. Apply the **FILED** stamp to the bond and affidavit; add the date and your initials.

District Court

- For more information, see [Judgments and Orders](#).
- You must keep a district court calendar for each court date. The calendar is created by completing a scheduled events screen. The calendar has space for the judge's notations on each case. These notations may include orders and judgments; therefore, maintenance of the calendar is very important. CR 58(2).
 1. Complete a scheduled event screen for the correct court date.
 2. In any criminal case in which the judge sets a new appearance date for payment of a fine or an installment, complete a scheduled event screen for that date.
 3. If payment is made in full on or before that date, cancel the scheduled event to reflect a DELSCH action. For more information, see [Counter Screen](#) in the KyCourts Manual.
 4. If an installment payment is made, create a new scheduled event with the new payment due date. Continue doing this until the fine is paid in full. This procedure allows for calendar control of the case until the fine is paid.
 5. The judge must sign each calendar page. This validates the judgments on that page. CR 58.
 6. Apply the **ENTERED** stamp; add the date and your initials.
 7. Keep all original signed calendars in a master file by date or if single page dockets are used place original in individual case file. CR 79.01, CR. 79.03.

NOTES:

- Court trial is entered as trial type disposition only when an actual trial is held. Except for the jury being present, the same set of circumstances as a jury trial must exist, i.e., opening statements by attorneys, cross-examination of witnesses, closing

arguments and a finding by the court. The entry of a guilty plea in open court is not a court trial.

- If a court trial or jury trial has been entered as the trial type, an original plea and final plea must be entered.
- If an original plea has been entered, a final plea must be entered whether or not the defendant changes the plea. If no plea is entered, (example: charge is dismissed at arraignment), original and final plea are both left blank. Original plea and final plea reflect what the defendant has entered regardless of a different finding by the court.

Every warrant for arrest issued shall include a notice to the jailer that the defendant shall be released upon payment or completion of daily credit pursuant to KRS 534.070.

15 CITATIONS

KRS 431.450

District Court

[Process Map](#)

The circuit clerk has a statutory duty to "maintain a system of accountability for all citations issued ... to assure that citations are not wrongfully destroyed, tampered with, or otherwise compromised in any manner." KRS 431.450(3).

- [eCitation](#)
- [Transmittal Log](#)
- [Pre-payable Citations](#)
- [Court Appearance Citations](#)
- [Fish/Wildlife Citations](#)
- [Court Costs, Fees, and Fines](#)
- [DUI Citations](#)
- [CDL Citations](#)
- [Motor Carrier Citations](#)

15.1 *eCitation*

Citations are generated electronically through a program known as [eCitation](#). Law enforcement officials will enter the citation/offense information into the eCitation program which will then be available for the clerk's office to retrieve electronically.

- [Pre-payable](#) and [Court Appearance Citations](#) (KRS 431.450, KRS 431.452) may be electronically processed. Refer to the Pre-payable and Court Appearance Citations sections in this chapter and the [eCitation](#) User Guide for additional information.
- Citations issued for a service of a warrant or a summons must be processed manually.

NOTES:

- Do not open a case file on a citation with a UOR code for serving a warrant or summons.
- If a copy of a citation is received by the clerk **prior** to the original citation being submitted to your office (outside of eCitation); create a case in the case management system utilizing the copy. When the original citation is received by the court and you attempt to add the case using citation entry, a message will display indicating that the citation has already been utilized and provide the case number associated with that citation number. When the original citation is received, stamp it filed; add the date and your initials. Place the original in the case file.
- If a prepayable offense is cited with a non-prepayable offense, the officer will cite the violator to court. If the judge dismisses the non-prepayable offense PRIOR to the court date listed on the citation, the prepayable offense may be prepaid and the violator is not required to appear in court.
- eCitation will add the case to the case management system generating the next case number in the computer for Traffic (TR), or Misdemeanor (MI), or Felony (FE) cases.
- When processing a citation, if the officer has submitted an incorrect court date, you must correct the date after citation processing by retrieving the case in KYCourts and updating the scheduled events screen. If a clerk must assign or correct a court date and time, the clerk must issue a court notice to the defendant of the correct court event.

Quick Reference

Add date and initials

BEST PRACTICE: When possible always create a case using the original citation. Creating a case from a copy should only be done when absolutely necessary.

CASE TYPE:Traffic- **TR**Misdemeanor- **MI**Felony- **FE****15.1.1 Transmittal Log**

A transmittal log must be printed each day from eCitations indicating all transmitted and processed citations. This is in accordance with KRS 431.455(2), which requires peace officers or other persons to whom uniform citations are distributed to properly account for citations issued and transmitted.

1. Apply the **FILED** stamp to the transmittal list; add the date and your initials.
2. File in a master file.
3. Check the citations against the transmittal list. If there are any discrepancies, report them to the law enforcement agency involved. If you have reason to believe that citations are reported inaccurately, report the problem to Legal Services at the Administrative Office of the Courts.

File, date, initial

15.2 *Manual Processing*

Cases may be opened by completing the [Citation Entry](#) screen in KyCourts when a case cannot be processed electronically using the eCitation program.

1. Apply the **FILED** stamp to the citation; add the date and your initials.
2. Open the case by completing the Citation Entry Screen(s).
3. If the case is prepayable, check the prepayable box.
4. Enter the complaining witness in the Person # field.
5. Complete the Scheduled Events portion:
 - Event Type - **ARR** Arraignment;
 - Court date - Enter the date shown on the citation;
 - Judge - **NA** Not Applicable;
 - Court Time - Arraignment Time

(NOTE: If prepayable, you may set the scheduled time for an “off-time” in order that the prepayable calendar will print separately from court appearance cases);

 - Court Code - Courtroom number, if applicable.
6. Generate the next case number in the computer for Traffic (T), Felony (F), or Misdemeanor (M) Cases.

NOTE: Open one case file and assign one case number when two or more offenses, whether felonies, misdemeanors, violations, or any combination thereof, are charged in the same or related indictment, information, served criminal complaint or citation, where the offenses are of the same or similar character or are based on the same acts or transactions connected together or constituting parts of a common plan or scheme. See [Uniform Case Management Standards](#).

NOTE: If offenses are mixed in nature on a district court criminal complaint, i.e., felonies, misdemeanors and/or traffic charges in some combination, the case type assigned will be that of the most serious offense. For exceptions see: [Case Numbering](#).

- For any violation shown on the [pre-payable chart](#) (speeding 1 to 25 mph over the limit), the defendant may elect to pay the fine, court costs and applicable fees as set out in [Accounting Manual](#), to the circuit clerk before the date of his/her trial or be tried in the normal manner. Payment of the fine and court costs to the clerk shall be considered a plea of guilty for all purposes. KRS 24A.175(1); KRS 24A.185.

NOTE: Citations issued to a defendant under the age of 18 per the charge date are NOT prepayable and will be cited to court. See Section [Traffic Citations to Minors](#).

Payment is due before the court date shown on the citation. KRS 431.452(3)(c).

Speeding Prepayables:

- Speeding fines in violation of KRS 189.390: [Click here](#).
- To view UOR Codes for Prepayable Speeding Offenses: see [UOR Codes](#).
- If the speeding charge is in a highway work zone area, the fine is double the amount shown.
- For speeding 21 to 25 mph over the limit in a 55 mph or greater speed zone, the prepayable fine shall be sixty dollars (\$60).

Prepayable Overweight Offenses

- When the excess load is 5000 lbs. or less, the fine is \$.02 per pound for each pound for excess load. KRS 189.990(2).
- When the excess load is over 5000 lbs., the statute provides that the fine is \$.02 per pound for each pound of excess load BUT the fine imposed must not be less than one hundred dollars (\$100) or more than five hundred dollars (\$500), i.e. between \$100 to \$500. Because an offender only has to pay the minimum fine amount if he/she chooses to prepay, the fine amount is \$100 for an overweight violation of more than 5000 lbs. KRS 189.990(2).
- To view Prepayable Overweight Offenses: See [UOR Codes](#).

Other Prepayables and Clerk Calculated Pre-Payables:

39.5 *General Provisions on Handling Expunged Files*

39.5.1 Expungement of Related Cases

When an expungement is ordered that involves felony charge(s), any cases related to the charges at either the district court or circuit court level should also be expunged within KyCourts. If a petition/application for expungement is granted in a CR case number, the charge(s) or case in the F case number should be expunged as well.

NOTE: When receiving an order to expunge a drug court case or charge(s) and the case was transferred to your court from another jurisdiction forward a copy of the expungement order to the originating county along with a copy of the original order transferring the case.

39.5.2 Expunging a Charge/Partial Expungement

See [KYII](#) / [KY3](#) User Manual for directions on Expunging a Charge when ordered rather than expunging the entire case.

NOTE: If you are ordered to expunge a charge that is the only charge in the case you must expunge the entire case and not just the one existing charge.

39.5.3 Paper Files

1. When the Order for Expungement is entered, place the file in a suitable envelope and seal it. Note the name, case number, DOB on the outside of the envelope. The physical court file(s) may be kept separately along with other expunged records in a locked drawer or secure area. Inspection should be permitted only upon court order. However, the clerk may open/unseal an expunged record to file certifications of completion of expungement from other agencies.
2. If partial expungement was ordered, mark through/redact information pertaining to the expunged charges from the parts of the record that will continue to be public record. If any images exist with language referencing the expunged charge delete the images from KyCourts.

3. Do not permit inspection of partially expunged records unless references to the expunged charges have been marked through/redacted.

39.5.4 Returned Agency Certifications

When the court orders the expungement of records of other agencies, such agencies are required to certify that their records have been expunged.

1. When a certification of expungement is received from any agency, apply the **FILED** stamp; add the date and your initials.
2. File the certification in the original expunged record. The file may be opened/unsealed for this purpose.

39.6 *Expungement of Purged or Destroyed Cases*

- Whether or not a person is subject to a firearm prohibition is a legal determination that must be made by a judge.

42.1 *Electronic Firearms Notification Processing*

Orders submitted electronically may be processed by the clerk through the Clerk's eQueue. See [KYCourts Manual](#) for additional information on processing electronic firearms notification through the Clerk's eQueue. You do not need to send the paper AOC 031 form manually to the Kentucky State Police.

The personal identifier information (PII) data elements (DOB, Gender, Race, and SSN or DLN) are transmitted electronically to KSP. Four of the PII data elements are required in order for KSP to enter the Notice of Firearm Prohibition in their repository and transmitted to NCIC. If one or more personal identifiers are missing, the NFP will not be entered in the federal system and the individual could purchase a firearm.

In district court criminal cases the judge will record most judgments and orders of the court on the calendar. This will serve as the judgment or order for all the cases on the page. When the judge signs the calendar page, it has the same effect as if the judge had signed each of the judgments or orders on that page. CR 58, RCr 11.04, RCr 13.04.

In district civil cases, where the court calendar is the only order or judgment, make a copy of the calendar for each case on the page. This copy will constitute the judgment in the case. CR 58(2). Process each copy like any other judgment.

Do not copy the calendar for traffic, misdemeanor cases, or preliminary felonies unless the case is referred to the grand jury.

51.1 *Entry*

1. When a signed judgment or order is received, apply the **ENTERED** stamp; add the date and your initials.
2. Enter the judgment or order, including a brief description on the document screen. This constitutes entry of the judgment or order; the judgment or order does not become effective until this is done. RCr 11.04. This is combined with the notation of service of notice of entry of the judgment as described in the [notice of entry](#) chapter.

52 JURY INFORMATION

KRS 29A

Administrative Procedures Part II

[Process Map](#)

To some extent, your duties as clerk will depend upon the needs of the chief circuit judge (and any designee) and the trial judge.

Details below include jury information and instructions when utilizing the Jury Management Program and how to manually process juror tasks.

52.1 [Jury Management Program](#)

[Process Map](#)

For assistance in utilizing the Jury Management Program please see the [Jury Management Program User Guide](#). The JMP provides the following:

- Ability to request a randomized list/jury panel as needed electronically.
- Electronic preparation of the juror qualification form and juror summons and the option for mass mailing by the AOC rather than your office.
- Ability to view, edit, or add information to a juror to be maintained by the JMP, including the juror's address and contact information, availability, receipt of juror qualification form, and notes.
- Track a juror's attendance, record a postponement or excuse and print reports relating to a juror's activity.
- Electronically generate letters to a juror regarding reporting status, the juror's postponement, or excuse from service.
- Group jurors by status for quick entry/edits relating to an entire group.
- Electronically generate and print certificates of service for jurors.
- Electronically generates a Juror Roll Call List. The system will also randomly draw jurors from the main panel into groups.
- Print juror strike sheets and record juror strike actions.
- Add events and group schedules for jury appearance.
- Generate a sheriff juror list.
- Print juror mailing labels.
- Interacts with the bookkeeping system regarding payment of jurors.

52.2 *Jury Management Program – Randomized List*

When your current supply of juror names is exhausted, obtain a randomized list of prospective jurors from the Jury Management Program by browsing to <https://intranet.ds.kycourts.net/jurymanagement/>.

This program allows you to receive jury lists and labels electronically and may be obtained in panels on an “as needed” basis. *AP II Sec. 3.* A [Jury Management User Guide](#) is available after logging into the program.

The Jury Management Program allows you to prepare the [AOC Form 005-A, Juror Qualification Form](#) and the Juror Summons AOC Form 005 to be mailed from your office or the option for AOC to prepare and send the documents for you.

NOTE: All requests for Juror Panels must be made 45 days prior to the day they are scheduled to report. Requests must be made through the Jury Management Program and all summons will be mailed out centrally by the AOC. Any attachment letter that is to be included with the summons must be submitted to the AOC for printing. *AP Part II Sec. 6.*

Quick Reference

AOC can prepare and mail the Juror Summons and any attachments for your office.

52.3 *Summons*

1. At least thirty (30) days prior to the time for reporting for service, summons the prospective jurors in sequential order from the randomized jury list using AOC Form 005, Juror Summons.
2. Enclose [AOC Form 005-A, Juror Qualification Form](#), with the summons (and any additional attachments, return envelopes, etc.)
3. Mail the summons using first-class mail. *KRS 29A.060.*

NOTE: The sheriff is not involved in serving the initial summons. Those exceptions when the summons may be served by the sheriff are as follows:

- If the envelope containing the summons/juror qualification form is returned by the post office as undeliverable, notify the judge as he/she may require personal service to be made by the sheriff.
- If the juror qualification form is not returned within ten (10) days, and the chief circuit judge or his/her designee directs, prepare another summons (AOC Form 005, Juror Summons and enclose AOC Form 005-A, Juror Qualification Form) for personal service by the sheriff.

Summons prospective jurors *at least* 30 days prior

52.4 *Juror Qualification Forms Return*

1. Upon receipt of a completed and returned AOC Form 005-A, Juror Qualification Form review the form to determine if the prospective juror has requested a postponement or excuse from service.

BEST PRACTICE: Organize in one group all qualification forms not requesting a postponement or an excuse in numerical order. Organize all requests for excuse/postponement into a second group in numerical order.

2. When using the jury management system mark the status of each juror's qualification form as appropriate (i.e., not a resident, medical hardship, felon, death, unable to locate, etc.) Juror's whose status shows as "Unable to Locate" or "None" will appear on a Sheriff's Report that may be generated from the JMP. Provide the list to your sheriff to try to make contact with the prospective jurors.

NOTE: Your judge will direct you when to submit the report above to the sheriff based on your local practice.

52.5 *Excusing or Postponing a Juror*

The chief circuit judge may designate and authorize one or more judges of the court, the court's clerk, a deputy clerk, the court's administrator, or a deputy court administrator to excuse a juror from service on the basis of the information provided on the juror qualification form when the prospective juror:

1. Is under eighteen (18) years of age;
2. Is not a citizen of the United States;
3. Is not a resident of the county;
4. Has insufficient knowledge of the English language;
5. Has been previously convicted of a felony and has not been pardoned or received a restoration of civil rights by the Governor or other authorized person of the jurisdiction in which the person was convicted;
6. Is presently under indictment;
7. Has served on a jury within the past twenty-four (24) months; or
8. Is seventy (70) years of age or older and has requested in a space provided on the juror qualification form that he or she be excused from service for the period summoned. KRS 29A.080.

If your judge delegates this responsibility to you, you must enter the reason(s) for excusing or postponing a juror in the space provided on the juror qualification form. Also see the [Jury Management Program Guide](#) to record excuses.

NOTE: Jurors may be excused from service for a period not to exceed ten (10) days or to postpone jury service for a period not to exceed twelve (12) months. Only the judge may excuse a juror from service entirely or postpone jury service for a period not to exceed twenty-four (24) months. KRS 29A.100(3).

You can use [AOC Form 010, Order Excusing or Postponing Jury Duty](#), or AOC Form 006 Juror Notification postcard, to notify anyone who is excused or postponed before he/she comes to court.

The [Jury Management Program](#) allows you to print the excused or postponed letter directly from the program instead of using the form.

NOTE: You must enter the date of availability for all postponed jurors in the Jury Management Program.

67 ORGANIZATION OF CASE RECORDS AND CASE MANAGEMENT STANDARDS

District and Circuit Courts

67.1 *Organization of Case Records*

1. To maintain physical control of case files, file all open and closed cases together in numerical order. File cases with the same prefix in the case number and the same color coded label together, numerically by category. Do not file cases in alphabetical order.
2. Adoption, termination, juvenile, disability, involuntary hospitalization and admission case folders, docket sheets, docket binders and index cards must be kept locked and apart from other records.
3. Domestic violence and interpersonal protective order docket sheets, docket binders, and index cards should be filed with other non-confidential docket sheets, binders and index cards if the petitioner's address does not appear on the docket sheets and index cards. Domestic violence case folders must be kept locked and apart from other records.

67.2 *Case Numbering*

1. All cases shall be assigned a case number. The case number consists of three components, each separated by a hyphen, as follows:
 - **Year:** Last two digits of the year to show the year of filing. Thus, a case filed in 2015 will bear the designation 15.
 - **Type:** Use a code letter to designate the type of case in accordance with the table in item 3 below.
 - **Number:** Consecutive order for each category, beginning with 00001.
 - **Trailer Numbers:** Trailer numbers are only used for juvenile, disability, involuntary hospitalization/admission, domestic violence and interpersonal protective order cases and circuit criminal cases with multiple defendants. These numbers begin with 001, example: 15-J-00001-001. For more information on special rules for numbering these cases, see [Case Add](#) in the KyCourts Manual.
2. Show the case number and the case style on case records. You may utilize pre-numbered file folders and print labels from the case management system. You may also use color banded stick-on labels to help distinguish the different types of cases. For uniformity in the Court of Justice, the following colors for the various categories of cases are recommended and listed below.

Supreme Court of Kentucky

In Re: Uniform case management standards

To establish uniformity in the filing of criminal charges throughout Kentucky, it is the policy of the Court of Justice to open one (1) case file and assign one (1) case number when two (2) or more offenses, whether felonies, misdemeanors, violations, or any combination thereof are charged in the same or related indictment, information, served criminal complaint or citation, where the offenses are of the same or similar character or are based on the same acts or transactions connected together or constituting parts of a common plan or scheme. The foregoing shall be effective on January 1, 1999.

ENTERED: December 21, 1998.

- When an original plea is entered a final plea must be entered.
- When the trial type is Court **C** or Jury **J**, the original and final pleas must be entered.

75.2 *Entering a Plea*

- Court trial is entered as trial type disposition only when an actual trial is held. Except for the jury being empanelled to hear the case, the same set of circumstances as a jury trial must exist, i.e., opening statements by attorneys, cross-examination of witnesses, closing arguments and a finding by the court. The entry of a guilty plea in open court is not a court trial.
- If a court trial or jury trial has been entered as the trial type, an original plea and final plea must be entered.
- If an original plea has been entered, a final plea must be entered whether or not the defendant changes the plea. If no plea is entered, (example: charge is dismissed at arraignment), original and final plea are both left blank. Original plea and final plea reflect what the defendant has entered regardless of a different finding by the court.

81 RECORDINGS: AUDIO/VIDEO

CR 98; 3.02; 3.03, RCr 13.12

District and Circuit Courts

- Audio and video recordings are used for the purpose of recording court proceedings. All proceedings are recorded unless a waiver is signed by the parties and counsel.
- A recording log must be maintained for all recordings. The JAVS system has a built in recording log. This can be accomplished by scanning in the case numbers from the docket sheet which will put the case into the auto log system (JAVS.) The Daily Log should be printed and maintained in a log notebook. See JAVS User Manual(s.)

NOTE: In the event a manual recording log is needed, [AOC Form 955](#), Recording Log, may be used for trials. For other hearings, insert the digital counter number beside the case number on the court calendar.

81.1 *Responsibilities of the Clerk*

- You are responsible for the operation of the equipment, training of the personnel specifically charged with the operation of the equipment, and with the proper maintenance and care of the recorder and its accessories.
- All recording equipment should be tested every day and prior to court to verify the equipment is working correctly.

81.2 *JAVS*

The JAVS System allows courts to record video and audio of court proceedings. Quick reference guides and full user manuals may be found using the links below.

[AutoLog 7 Quick Reference Guide](#)

[Daily System Test Quick Reference Guide](#)

[Scheduler 7 Quick Reference Guide](#)

81.2.1 Video Recording

- The official court record of court proceedings shall be two simultaneous recordings.
- The JAVS system will automatically provide a redundant recording; but the official record is maintained by the copying of the recording(s) to removable media for an “A” and “B” copy. Copies of the recordings should be finalized at the end of each day.

NOTE: Record the proceedings to be written to write-only media to prevent the ability to overwrite recordings on the removable media.

1. For identification purposes, use the JAVS Publisher instructions to label/designate original recordings when burning them to a CD/DVD or other removable media.
2. The label designation should be:
 - the judicial circuit or district number;
 - the court division number (if any);
 - the last two digits of the current year;
 - the number of the recording (counting all recordings used since the start of the current calendar year);
 - the letter "A" shall be assigned to the first official recording (burned copy) and the letter "B" shall be assigned to the second official recording;
 - the number of the CD/DVD used in the proceeding being identified; and
 - the case file number of the proceeding being identified.

Example: 22-3-02-CD-015-A-1, 14-CR-00123.
3. Retain custody of recording(s.)
4. The trial judge or designee shall make a written exhibit list, a written trial log, and a written log listing the recording references of where each witness' testimony begins and ends on the recording. The list shall be kept with the record and a copy shall be maintained with the recording. *CR 98(2)(b). See [JAVS Publisher Manual](#).*

81.2.2 Appeal Recording(s)

1. When a notice of appeal is filed in a case where a court or jury trial was held, recording "B" shall be filed with the clerk and certified by the clerk as part of the record on appeal. RAP 26(A)(3)(a), RAP 26(B)(3), CR 98(2)(a)(i). For more information, see [Appeals](#).
2. If the designation of record lists dates on which hearings were taped for any pre-trial and/or post-trial motions, or any portions thereof, recording "B" shall be filed with the clerk and certified by the clerk as part of the record on appeal. RAP 26(A)(3)(a), RAP 26(B)(3), CR 98(2)(a)(i).

81.2.3 Request for Copy

Upon request, prepare a duplicate copy of a recording. If the hearings requested are located on several different DISCS/DVDs, you may copy all the hearings on one DISC/DVD. Collect a fee as set forth in the [Accounting Manual](#), for each duplicate DISC/DVD prepared. CR 3.02(2)(f); CR 3.03(3)(e).

81.3 *Audio Recording (FTR) – District Court*

- All CDs (compact discs) must be finalized at the end of the court session. Failure to do so means the next day of court may have the present day as well as any other days that were not finalized on the CD. This can cause problems locating a CD for a particular court date when a request is made for a copy of court proceedings.
- Record at a speed of 2.4. If the wrong speed is used, any copy of the tape requested may be of poor quality. If you are unsure of the correct speed, call Technology Services at AOC.
- Turn on all microphones in the courtroom and direct all persons speaking to stand next to or immediately behind the microphone in order to insure a clear and complete recording. If your original recording is of poor quality, any copy requested will also be of poor quality.
- Verify that the recording/CD number is entered on the log sheet or court calendar and that the counter number/time stamp on the machine is entered correctly beside the case number. You may do this by scanning the docket.
- Keep careful inventory and individual maintenance records of all electronic recording equipment. Store all CDs and log sheets in a suitable location to prevent loss or alteration.

NOTE: All juvenile and involuntary hospitalization/admission and disability CDs must be labeled, kept confidential and stored apart from other CDs.

- Notify the AOC in the event of a malfunction.

81.3.1 Request for Playback/Copy

The clerk has custody and control of a recording/CD. An attorney or other party requesting a playback of a proceeding shall do so in the presence of and at the convenience of the clerk.

1. Collect the cost per CD plus postage fees, as set forth in the [Accounting Manual](#), from the requestor.
2. If you have FTR equipment in your county you may make a copy using a laptop as necessary.
3. If you are unable to make a copy locally, send the AOC the original CD and a copy of the log sheet with the case circled in red ink. Verify that the CD being sent belongs to the case indicated. The style of the case or the defendant's name and the starting counter number/time stamp are necessary to properly copy the CD. Do not send the fee for the copy of the CD to AOC.
4. When the original CD and the copy are returned to you, either notify the requesting party the copy is available, or mail it to him/her.
5. The duplicate CD can be played on a regular recorder at the speed of 1-7/8 inches per second or any CD player.

81.4 *Video Recording(s) – Cases Involving Child Pornography*

When evidence of sexual conduct of a minor is entered as an exhibit during a hearing or trial, the court **shall ensure the material is not recorded onto the video record** of the proceedings. Any exhibits containing such material shall be sealed and marked as “child pornography.” RCr 13.12. See [Inspection of Records](#) for requests to inspect a record including an exhibit of sexual conduct of a minor.

82 RECORDS RETENTION ARCHIVING AND DESTRUCTION

- The Kentucky Court of Justice Records Retention Schedules approved by the Chief Justice governs the Circuit Clerks' records. The Record Retention Schedule shall be followed for both transferring (archiving) and destruction (disposal) of KCOJ records. All eligible records should be removed from the Clerk's office in a timely manner.
- [Records Retention Schedule](#)

82.1 *Archiving*

To transfer permanent records to the State Archives Center or State Records Center operated by the Kentucky Department of Libraries and Archives, contact the staff in Archive and Destruction Division at the AOC.

The unit will assist your office in conducting a space survey to determine the number of cubic feet of records that can be archived. After the space survey is completed, the unit will contact the Kentucky Department of Library and Archives. If KDLA is able to accept records, the Archive and Destruction Division will assist your office and begin inventorying cases to be archived. For more information, contact the Archive and Destruction Division.

Email: archivedestruction@kycourts.net
Phone: 502-573-2350 ext. 50768 592502-573-2350

82.2 *Destruction*

1. ***Prior to the destruction of any disposable records in your office, contact the accessioning staff.*** Once the records for destruction have been identified, the Archive and Destruction Division will make arrangements for the records to be transported or destroyed, they will also assist in preparing all destruction certificates. The original destruction certificate(s) will be forwarded to the Kentucky Department of Libraries and Archives (KDLA) and a copy(s) will be given to the clerk.

NOTE: The Archive and Destruction Division cannot complete the destruction and issue a certificate without proper identification of the items that are being destroyed. Therefore, the clerk must identify the records that will be destroyed by labeling said records or keeping a list of what will be destroyed for the destruction certificate.

2. The KCOJ Records Retention Schedule identifies the record series that are eligible for destruction. The majority of the records are eligible for destruction based upon time lines or audit requirements.

It is your responsibility to identify the specific records eligible for disposal within the series mentioned below. Consult the [Electronic Records Destruction Procedures](#) located in KYCourts under the “Help” menu prior to undertaking destruction.

To assist you, KyCourts II provides a destruction eligibility report of cases that meet the destruction criteria based upon the Records Retention Schedule and KCOJ agency requirements. Your office will use the [destruction eligibility report](#) to manually review cases on the list to ensure that they meet all destruction criteria. If eligible, cases may be electronically destroyed from KyCourts II utilizing the [mass process feature for case destruction](#). The Archive and Destruction Division will ensure the physical record is properly destroyed.
